Hydrodhara Flowerfall is deeply rooted in traditional Ayurvedic medicine. A gentle flow of water relieves nervous tension, stress and delivers nutrients to the hair and scalp, making your hair shine. It provides in-salon experience and service to relax the mind and regenerate the hair and scalp.

This treatment uses essential oil distilled from Biodynamic Rosemary (stimulating), Lavender (relaxing), Rose, Lemon (antioxidant) and Fair Trade Araza to create an aromatherapeutic atmosphere for relaxation and rejuvenation.

These essential oils are collected and transformed into Flowerfall, active waters filled with anti-aging and chakra-balancing benefits. These active waters then flow over the head and through the hair, relieving the hair and scalp of tension and stress by indirectly stimulating the pituitary gland – our centre of health and well-being.
